The CHRONICLE is much gratified to know that its suggestion with reference to the organization of a Land Improvement company, has met with approval, and will probably take shape. A movement is on foot for such an organization by leading citizens and business men, and plans are under consideration which will wake things up most

THE KING'S DAUGHTERS' CON-

The Talented Artists who will Participate-- Reduced Railroad Rates.

April 11th is the time for the grand musical concert to be given here under the auspices of the King's Daughters. A prospectus of the concert has been issued which announces that in the programme will be represented the talent of Durham, Richmond and City of Oaks.

The young ladies are to be congratulated upon having secured the aid of Miss Lessie Southgate, soprano, of Dur-ham, and Capt. Frank Cunningham, tenor, of Richmond, Virginia, whose presence will of itself guarantee a most enjoyable evening and a large audience. Capt. E. J. Hardin, Mrs. J. J. Thomas and others of Raleigh's accomplished

vocalists will grace the occasion. In addition to vocal music, the programme will be enriched by several instrumental selections performed by Misses Fannie Louise Watts, Mary S. Wall, Lillie Parrish and Fannie D. Peay,

of Durham. The last number on the programme is a Kinder Symphony, entitled "A Merry Sleigh Ride," a descriptive novelty performed by a score of the younger pupils of Durham School of Music. Nearly every conceivable musical instrument will be represented, and the harmonies produced will be a fitting finale to one of the most brilliant concerts ever presented in this city.

Railroad tickets at reduced rates will be on sale the day of the concert at Durham and points on the Raleigh & Gaston railroad.

THE PHONOGRAPH

For the Capital Hose Company Fair The phonograph which is to be on exhibition during the fair and festival of the Capital Hose company has arrived here, and with it a full set of phonograms for reproducing vocal and instrumental music. Everybody who attends the fair will have an opportunity to see and learn all about this marvellous piece of mechanism. It will be exhibited by the Old Dominion Phonograph company, represented by Mr. Guy Bunch, for the benefit of the Hose company.

THE LEASE PLAN ENDORSED.

Wake County Desires Tobacco Farmers and Proposes to Offer Them Inducements to Come.

The article in the CHRONICLE of April 1st blazes out the way by which, in my judgment, the culture of tobacco may be vastly promoted in this county. The "lease system" certainly commends itself as being not only feasible but practical. Look how the western part of this city was rapidly built up by the "lease system." Very many of the most experienced tobacco farmers of other counties are beginning to realize that the lands of Wake will produce as fine tobacco as any, and frequent inquiries are now being made with the view of purchasing lands; and I would suggest that the chamber of commerce take up the matter speedily and make a united effort towards inducing tobacco men to purchase our lands.

Mamma, Did You?

Mamma, did you ever see the Blue Ridge Mountains at a distance? asked a little girl of her mother, as they returned from shopping this fore-noon When mamma had assured the child. that she had seen the mountains, she asked the child why she had asked such a question. "Why, said the child, (opening her eyes so wide as to frighten mamma) "mamma, if you ever saw the Blue Ridge Mountains, you have seen something to day which would remind you of it, and it was that big pile of ladies' untrimmed hats that we saw just as we entered the Racket Store, marked 25 cents for the choice. Mama" (seriously), "where do you think they got those new styles of hats to sell The committee will consider, among at 25 cents? Some of them are those charged you 95 cents for. MARKETS.

New York, April 3. - Messrs. Hubbard, Price & Co., in their cotton circular to-night say: The approach of the Easter holidays brought us steady advices from Liverpool with the demand from the spinners of moderate proportions. Receipts from Bombay for the week are 29,000 bales larger than in 1889; while the shipments to Europe are 44,000 bales less. The movement to date shows that the shipments are 644,000 bales, against 649,000 bales last year. Our market advanced formed on the recent decline, and unwillingness to maintain their position over the holiday. When, however, s. at New Orleans were received, the ad vance was lost, the market closing steady but very dull. The market is as yet without tendency, the limited stock in America preventing the formation of a short interest which would prove the quotations. Middling uplands 11 7-16.
